## DIVORCEE DUPED?

Police Say Graham Is Swindler.

"Capt. Jack" Would Take Mrs. Evans to Estates in England.

Detectives Say He's Served Time in Vancouver; Is Out on Bail.

Fascinates Former Wife of Naval Officer; Keeps Her in Hiding.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, April 12.—[Exclusive Dispatch.] According to San Francisco detectives, Capt. Jack R. Graham is a fraud and swindler. He claims to be a commissioned officer in the Gordon Highlanders, the son of a British baron, and heir to vast estates and fortunes, and dazled Mrs. Maud Evans, divorced wife of Naval Constructor Evans, with alluring stories of the lofty position in English society which awaited her if she would marry him.

Records held by detectives show that Graham has served six months in jail in Vancouver, B. C., for check swindling. He was arrested there for the first time, was actually out on bail when he made her acquaintance.

Though inquiries were made in England, no definite information is forthcoming beyond the fact that Graham has been repudiated by persons of quality, whose names he furnished as references to those who lent him money.

DUPE GETS WARRANT.

So far as the police have been able to ascertain, Graham came to San Francisco toward the end of last year, after serving a sentence of six months in jail in British Columbia. He first came under their notice when warrants for his arrest on charges of obtaining money under false pretenses were issued by Police Judge Deasy, on the complaint of J. J. McCabe, a special officer at the Orphanum.

McCabe's complaint alleges that Graham had represented to him he was the owner of a horse at Emeryville track and on the strength of his assertion he loaned him \$15. Graham obtained another advance of \$15 on the strength of the story that he was the owner of immense estates in British Columbia. McCabe, after lending Graham several sums of money, discovered that he had been duped. It is said by friends of McCabe that the \$25 mentioned in his complaint is a sum which falls far short of the amount which the Orphanum officer advanced to him.

A further charge against Graham in which the police are interested has been brought by Charles Bevis, manager of the Hotel Lavee at Mason and Ellis streets. In his complaint Bevis charges Graham with defrauding an innkeeper. The case first came before Judge Deasy, January 3, and is set for hearing again April 17. In order to allow Graham an opportunity of paying the money which it is alleged he owes to Bevis, the case is adjourned.

## BAR MRS. CASTRO.

Not Allowed Ashore At La Guayra.

Fear She Carries Letters to the Friends of Deposed President.

Authorities Dread Effect of Sympathy for Her Husband.

Will Try to Persuade Her to Leave the Vicinity of Venezuela.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 12.—[Exclusive Dispatch.] Fearful that Senora Castro has important communications from her husband to political friends in Venezuela, the Venezuelan government has refused to permit her to land from the French steamship Guadalupe on Venezuelan soil. The State Department was today advised by cable from La Guayra of this action. It is expected that the same rigorous measures used against Senora Castro may be enforced against her.

The cable from the United States

Consul at La Guayra reported that the Guadalupe arrived there Sunday and that Senora Castro made ready to disembark immediately, having certain business matters of her husband's to attend to. Friends of Senora Castro who had hoped to meet him at La Guayra had remained there even after it had been learned that he had been sent back to Europe.

INCOMMUNICADO.

Senora Castro and her party were informed that they would not be permitted to go ashore and they were prevented from communicating with friends in La Guayra. The Guadalupe anchored in the harbor, but did not dock, proceeding on her regular itinerary.

It is understood that President Gomez, encouraged by the strong support he has received from France and the United States, is determined to see Senora Castro's deportation, arranged that Senora Castro should under no condition be permitted to communicate with the shore, and that the Guadalupe should leave La Guayra for Barayquilla, Colombia, her next port of call, with the least possible delay.

From Barayquilla the Guadalupe goes to Colon. It is not known whether Senora Castro will be allowed to land at either of these ports, or whether arrangements will be made for her to join her husband in Europe.

FEAR CASTRO BUGABOO.

Because of the Castro bugaboo now hovering over Venezuela, and the fear that the sweeping wave of sympathy for the deposed President might reach that country, it is believed probable that Senora Castro will be persuaded to leave the vicinity of Venezuela. It is hoped here that no stringent measures will have to be employed against Senora Castro, and that suitable arrangements will be made for her confinement in case she returns to Europe, which is not considered highly probable.

CASTRO DENOUNCES

FRENCH GOVERNMENT.

(BY DIRECT WIRE TO THE TIMES.)

POINT-A-PITRE (Guadalupe) April 12.—[Exclusive Dispatch.] Senora Castro, wife of the deposed President of Venezuela, still escorted by the United States cruiser North Carolina and Montana, entered this port at 10 o'clock yesterday morning with Senora Castro aboard. She was asked immediately for an interview, which was refused under the pretext of suffering from seasickness.

Orders had been given to Senora Castro to avoid all visitors. A representative of The Times was finally granted an interview. It lasted half an hour. Senora Castro lay in bed, apparently suffering. The door of her cabin was guarded by a valet. The deposed President showed signs of great depression, at times waving his hand, on which glittered an enormous diamond.

Senora Castro was at first annoyed by the interview, but slowly gained confidence and became very talkative. He protested against the treatment he had received from the French at Martinique, which he considered a breach of all international laws. He said that against his expectations, from a nation which held the record for hospitality to exiles, he was expelled by the Governor of Martinique; that, although sick and even dying, he was carried, despite his protest, to the Versailles at 5 o'clock in the evening on a litter, escorted by gendarmes and the Mayor.

HIS PASSAGE PAID.

Being unable to move, he has since been confined to bed in his cabin. His passage was paid by the French authorities, he having been carried, despite his protest, to the Versailles at 5 o'clock in the evening on a litter, escorted by gendarmes and the Mayor.

## TO RID CHURCH OF SKINFLINTS.

PASTOR DECLARES THEY HAVE NO BUSINESS THERE.

At Regular Weekly Meeting of Baptist Ministers of Chicago, Clergyman Says That the Only Fault With "Tainted Money" Is That "Taint Ever Enough of It."

Chicago, April 12.—[Exclusive Dispatch.] "Skinflints" have no business in the Baptist Church, says the Rev. J. S. Henson of Boston at the weekly meeting of the Baptist ministers.

The Rev. Mr. Henson minced no words in describing the shortcomings of penurious millionaires, and declared the sooner the church got rid of them the better off it would be. He related his own experience with a man of wealth, whom he declared, would give only \$20 to the aid of a church which was \$100,000 in debt. The church, he said, got rid of him by trying him for covetousness, and as soon as he was out of the church the debt was raised.

Dr. Henson referred to the million-

## APOLOGIZES TO MINISTER WU.

Pennsylvania's Governor Says He Is Sorry.

Chinese Ambassador Is Still Very Angry.

Denies That He Intimidated Celestial Witnesses.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, April 12.—(Exclusive Dispatch.) The State of Pennsylvania has apologized to Wu Ting-fang, Chinese Minister, and the United States government has expressed its regret that two leading business men of China should have been arrested in Pittsburgh.

When Minister Wu was seen today he read the statement that he, the Minister, had threatened Chinese witnesses in Pittsburgh with deportation if they aided the American authorities in continuing the two Chinese men under arrest. Minister Wu walked the floor excitedly while he gave this explanation of the situation.

The two Chinese had come here to interest American capital to buy machinery, and to engage an expert mining engineer to investigate Chinese mining properties. They had bought the machinery and had engaged the engineer at \$1000 a month. Then they were arrested at Pittsburgh.

When they came to Washington and got the Minister out of bed at night. He advised them to get a lawyer. They got two, and the second secretary of the legation was sent with them to Pittsburgh to give advice.

Next day Dr. Wu put the case before Mr. Knox, who, after investigation, expressed regret on the part of the government that the arrests had been made. Mr. Wu then suggested that the local authorities who had caused the trouble should apologize to Secretary Knox, who wrote to the Governor of Pennsylvania to that effect.

After the Minister's interview this morning he was so incensed at the charge that he had threatened witnesses that he went to the State Department again. Secretary Knox was glad to be able to turn over to the Chinese Minister a letter just received from the Governor of Pennsylvania expressing regret on the part of the State that the mistake had been made. Dr. Wu expressed satisfaction and the incident was closed.

LEGITIMATE METHODS.

(BY DIRECT WIRE TO THE TIMES.) ST. LOUIS, April 12.—(Exclusive Dispatch.) Wong, a wealthy Chinese, who came to St. Louis a week ago with Yip Yip and Low Si Ki, Chinese dignitaries, whose arrest at Pittsburgh and the efforts of Chinese Ambassador Wu Ting-fang to release them have involved the latter in serious diplomatic difficulties, declared today that Wu Ting-fang used only legitimate methods in obtaining the release of his countrymen.

Yip Yip and Low Si Ki left St. Louis today for Portland, Ore., where they will sail for China. Wong said he was a member of their party, remained to interest St. Louis capital and local Chinese in the construction of a railroad and the promotion of the mining industry in China. He says they at once informed Minister Wu Ting-fang of their plans and he sent a representative to Pittsburgh to settle their difficulties.

After a consultation the Pittsburgh officials apologized to the Chinese and released them. Wong says he is not aware of any letters Wu Ting-fang said to have written to Chinese threatening deportation if they testified against the accused men. According to Wong, Yip Yip and Low Si Ki came here to purchase machinery for their mines, as they had been arrested in New York, and although desirous of interesting American capital, they did not attempt to sell stock or otherwise raise money.

STOP SALE OF RIFLES.

Uncle Sam Hearkens to Request of Chicago Police Who Fear Conflict With Armed Mob.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, April 12.—(Exclusive Dispatch.) At the request of the Chicago police department, and fearing the possibility of bloodshed in conflicts with armed mobs, the War Department of the United States has ordered stopped the sale of obsolete army rifles.

More than 300,000 discarded Springfield rifles of forty-five caliber have already been sold by the War Department at prices which have netted the government less than \$1 each. These in turn have fallen into the hands of dealers who have sold them at prices ranging down to \$1.50.

It was because of this cheapness of the weapons that the Chicago police feared the rifles would fall into the hands of irresponsible, and might easily be used to arm mobs of strikers or anarchists.

Although the guns which the government sold were branded as "obsolete," they were the weapons of long range power, and in the hands of a few would almost make the police helpless.

AID TO PROSPECTORS.

MAY SUSPEND MINING LAW.

(ASSOCIATED PRESS DISPATCH.) WASHINGTON, April 12.—(Exclusive Dispatch.) The Senate Finance Committee has passed a bill which would suspend the mining law of the United States for one year, and provide that any person who has been granted a patent for a mine located after May 10, 1912, suspended for the year 1913.

The purpose of the bill is to prevent claims which have been regularly located and recorded under the local laws and mining regulations from being subject to forfeiture for non-performance of annual assessment work for 1909.

In order that claimants may enjoy the provisions of the proposed act, they must record before December 31, 1912, in the office where the location is filed, a notice that they intend to hold and work the claim in good faith.

JAPS GOING HOME.

NEW YORK, April 12.—According to the official report of the department of Foreign Affairs of Japan, as announced by the consular general in this city today, 207 more Japanese returned to their native country from the United States and Hawaii during March than entered the States and Hawaii. The figures show that 258 Japanese came to America, and 246 sailed from the United States and Hawaii for Japan, most of them using steamer passage.

## SENATE LEADER IN CHARGE OF TARIFF BILL.

Lead drops and similar metals receive material increases.

WOMEN'S GLOVES LOWER.

The Dingley rates on women's and children's gloves, which were materially increased by the House, have been restored. Fur-lined gloves are provided with a duty that is \$1.50 lower than the original rates in the Payne bill.

Virtually no changes are made in the hide or leather schedules. The provision of the Payne bill permitting the free entry of agricultural implements under certain conditions has been stricken out, but various increases have been made in the duties coming under the agricultural schedule. On barley and barley-malt are levied the same duties as are provided in the Dingley law, 30 cents and 40 cents per bushel, respectively. The rates on corn, oats and wheat have been increased 5 cents per bushel and the duty on rice has been made 31 cents instead of 10 cents per bushel. An increase of 5 cents ad valorem has been made in the rate on live animals not specifically provided for.

Sugar beets are given a reduction of 12 per cent. ad valorem. The duty on beet molasses is 15 cents instead of 12 cents per pound.

Various vegetable seeds, including mushroom spores, are provided with specific duties. The 20-per cent rate, an additional cent is added to the 2-cent duty on cabbage. The Dingley rates are restored on pineapples.

An increase of 1/4 of a cent a pound is accorded to lemons. Slight increases are made in the duties on fresh meats, bacon, ham and lard, while tallow is assessed at 1/2 a cent a pound.

The duty on nearly 50 per cent is made in the rates on coffee substitutes, as well as on cocoa and chocolate products.

The duty on saccharine is increased from 50 cents per pound to 75 cents. Saccharine is used in certain cases as a substitute for sugar.

WOMEN'S STOCKINGS SAME.

One of the most significant changes made by the Senate committee is that which restores the rates of the Dingley law on women's stockings. The House Ways and Means Committee had proposed in the Payne bill a 20-per cent rate. An additional cent is added to the 2-cent duty on cabbage. The Dingley rates are restored on pineapples.

An increase of 1/4 of a cent a pound is accorded to lemons. Slight increases are made in the duties on fresh meats, bacon, ham and lard, while tallow is assessed at 1/2 a cent a pound.

The duty on nearly 50 per cent is made in the rates on coffee substitutes, as well as on cocoa and chocolate products.

The duty on saccharine is increased from 50 cents per pound to 75 cents. Saccharine is used in certain cases as a substitute for sugar.

lead drops and similar metals receive material increases.

WOMEN'S GLOVES LOWER.

The Dingley rates on women's and children's gloves, which were materially increased by the House, have been restored. Fur-lined gloves are provided with a duty that is \$1.50 lower than the original rates in the Payne bill.

Virtually no changes are made in the hide or leather schedules. The provision of the Payne bill permitting the free entry of agricultural implements under certain conditions has been stricken out, but various increases have been made in the duties coming under the agricultural schedule. On barley and barley-malt are levied the same duties as are provided in the Dingley law, 30 cents and 40 cents per bushel, respectively. The rates on corn, oats and wheat have been increased 5 cents per bushel and the duty on rice has been made 31 cents instead of 10 cents per bushel. An increase of 5 cents ad valorem has been made in the rate on live animals not specifically provided for.

Sugar beets are given a reduction of 12 per cent. ad valorem. The duty on beet molasses is 15 cents instead of 12 cents per pound.

Various vegetable seeds, including mushroom spores, are provided with specific duties. The 20-per cent rate, an additional cent is added to the 2-cent duty on cabbage. The Dingley rates are restored on pineapples.

THE remarkable champagne vintage now being imported of G. H. Mumm & Co.'s Extra Dry and Selected Brut is notable for its exquisite bouquet, exceeding delicacy and natural dryness.

1/3 of all the champagne imported for the past nine years was G. H. Mumm & Co.'s.

House was in session two hours and fifteen minutes today. The first action taken was the adoption of a resolution calling upon the Senate for a return of the Payne tariff bill next Thursday in order that it might be reported to the House.

During the confusion incident to the passage of the bill Friday, it was believed that it included this provision, but it has developed that such was not the case, although it clearly was the intention of the House to include it.

The House especially authorized its enrolling clerk to insert the correction, and he can make the change within a few minutes. It will, therefore, cause no delay in tariff legislation. It is understood the Senate will not object to the return of the measure.

EXPORT DUTY TABLE.

PREPARED FOR BOLONS.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, April 12.—The Bureau of Manufactures has issued a pamphlet compilation of export tariffs of foreign countries prepared for use in consideration of the Payne tariff bill.

It shows that few European countries levy export duties on their commerce, and such as do confine duties to a small number of articles, such as raw sugar, scrap iron, etc.

Export duties are principally levied by tropical and semi-tropical countries on staples, such as rubber, cocoa, coffee, scrap iron, etc.

NOT TARIFF ONLY.

UNCLE JOE DECIDES.

(ASSOCIATED PRESS NIGHT REPORT.) WASHINGTON, April 12.—That the present session of the House called to enact tariff legislation is not restricted to that subject was the decision of Speaker Cannon today.

WASHINGTON BRIEFS.

In Their Father's Trade.

WASHINGTON, April 12.—Sons of military officers to the number of forty-one have been designated by President Taft to take the competitive examination for admission to the West Point Military Academy to fill vacancies in the cadets-at-large, which occur in 1913.

May Sell Mineral Land.

WASHINGTON, April 12.—Unappropriated mineral lands owned by the United States, not contained within any Indian reservation, forest reserve, military post or reclamation district, may be sold to any citizen of the United States at the rate of \$1.25 per acre, if the bill recently introduced in the House by Delegate Andrews of New Mexico is enacted into law. The money derived from the sale of the lands to be deposited to the credit of the Reclamation Service, to be used in the State in which the lands are sold.

White House Egg Rolling.

WASHINGTON, April 12.—The grassy slopes of the White House lawn were thronged with children today, the grounds having been thrown open for the Easter Monday egg rolling, a custom which has been handed down for scores of years.

Ignores Party Lines.

WASHINGTON, April 12.—President Taft has instructed Director North of the Census Bureau to disregard party lines in securing suitable men for supervisors and other appointive places under the new census act.

Big Bids for Uniforms.

WASHINGTON, April 12.—Bids will be opened in the office of the Quartermaster-General today. This week for the largest consignment of army clothing ever purchased in time of peace. The contract will aggregate about \$4,000,000, representing a year's supply. The largest single item is for 325,000 yards of olive-drab cotton cloth of the new grade of khaki, which has been adopted for summer military wear.

Commodities Case Still Unsettled.

WASHINGTON, April 12.—No decision on the commodities clause case was announced by the Supreme Court of the United States today. This case involves the constitutionality of that section of the Hepburn rate law which prohibits railroads from transporting interstate commerce in commodities produced by themselves or in which they own an interest, except timber.

# QUALIFYING ROUND OF WOMAN'S GOLF.

MRS. ISABEL SMITH of the Annapolis Country Club, starting at scratch, won the qualifying round for the championship of the California Women's Golf Association tournament, at the Los Angeles Country Club yesterday. Her score was 59, and a medal went with the victory.

Mrs. F. R. Frost of the Los Angeles club was second with a net score of 64, she being given a handicap of 15 strokes, making her gross 79. She won a prize for the best gross score.

Mrs. Chesbrough of the San Francisco Golf and Country Club was third with a score of 64, starting at scratch.

All the women but Mrs. Hewitt of the Victoria Club of Riverside qualified for the first round of match play which is to start at 9:30 o'clock this morning. She was rather off her stroke and totaled 111 with a handicap of 24, making her gross 135.

The women paired for today's matches as follows: Miss Smith and Mrs. Kearns, Mrs. Frost and Mrs. Chase, Mrs. Williams and Mrs. Cochran, Mrs. Regan and Mrs. Fred Griffith, Miss Chesbrough and Miss Milne, Miss James and Mrs. Gilmore, Mrs. Frank Griffith and Mrs. Fields, Mrs. Mann and Miss Alkire.

The score of yesterday's play is:

## OFFER LARGE PRIZE FOR MAN WHO FLIES.

THE committee having in charge the arrangements for the prize to be awarded at the aeronautic exhibition of the Aero Club at Santa Anita, April 24 and 25, is to be held at the Chamber of Commerce, that a prize of \$1000 be offered to the person flying across Santa Anita stadium during the show, with a heavier-than-air machine under power, without a gliding start. The raising of the \$1000 by the club will be strongly advocated.

It has been definitely decided to hold the aeronautic show, April 24 and 25, and it will be the first of its kind to be held in this country. Various committees have been organized to plan for the exhibition, and at the meeting Tuesday night the final arrangements will be made.

In addition to the \$1000 prize, half of the gate receipts is to be devoted for prizes for the best gliders, models, and other exhibits. Several trophies to be donated will also be awarded to the exhibitors in the various classes.

## WANTS TO KNOCK OUT WOLGAST.

IF MEMIC KEEPS HIS HEAD HE SHOULD WIN BOUT.

Featherweight Working Steadily Into Lightweight Division and May Go After Nelson's Crown If He Succeeds in Whipping Other Good Men—Is Growing Fast.

George Memic, if he keeps his head, may have his chance to take revenge on Wolgast for a private grievance. Wolgast, when they meet in McCann's pavilion, and there are those who would be more than pleased in this house to see George win.

Wolgast, who is a powerful man, is looking like a man who is not to be trifled with. He is a powerful man, and he is looking like a man who is not to be trifled with. He is a powerful man, and he is looking like a man who is not to be trifled with.

Memie and Wolgast worked hard yesterday. Memie boxing six hard rounds with Abdo the Turk in addition to the regular training with the Eastern Athletic Club gymnasium apparatus. George weighed under 135 pounds and he had finished, and seemed to think he would have no trouble in making the prescribed weight of 135 at 6 o'clock on the evening of the bout.

Wolgast did road work yesterday and used the laconic pavilion for his afternoon exercising, and ended his session with four rounds of boxing with Clarence English.

Another bout was added yesterday to the programme for Friday by Manny McManis, Kid Monte being chosen to meet Kid Brady in one of the four-round contests of the evening. The programme as far as arranged is:

Kid Wolgast and George Memie, ten rounds, 135 pounds at 6 o'clock.

Ralph Calloway and Jim Cameron, six rounds.

Jimmy Austin and Young Miller, six rounds.

Young Solomon and Young Kaufman, six rounds.

Kid Brady and Kid Monte, four rounds.

Brady is giving away about fifteen pounds to Monte, but he is anxious to show that he is a worthy opponent for Jimmy Austin, and he hopes by defeating Monte to get a match with Austin at 105.

Calloway is showing great cleverness in his work at the pavilion, and he expects to make short work of Cameron. "I am taking on Cameron just to show the fans of Los Angeles that I have class, and I hope that it will enable me to get on with some of the top-notchers." Cameron is working steadily and will be ready when the ball taps to give Calloway all the fight he wants in the pavilion ring.

JOHNSON DECLINES. FUGS AFTER HIS SCALP. (ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, April 12.—Jack Johnson, the negro heavyweight champion, announced tonight that he would not double whose challenge he would accept until Thursday.

The reason given for this postponement was that Al Kaufman, one of the serious challengers, will box Tony Hox, a much-heralded fighter, before a local club tomorrow night, and Johnson wants to see how Kaufman will come out as a drawing card.

Willie, Ed, and Billy Delaney, for Kaufman, each demanded, at a conference today, the right to fight Johnson.

The latter suggested the three challenges fight each other to determine which should be the challenger for the championship. This and other matters were discussed at Johnson's apartment.

COMPLETING STADIUM. CAMBRIDGE (Mass.) April 12.—An assurance that football will continue at Harvard was given tonight in a statement issued by W. L. Garrison, graduate manager of athletics, in which it was announced that the Harvard Athletic Club had voted to accept the proposition of the class of 1878 to complete the work of completing the stadium.

HUSTLING THE COURT. CINCINNATI, April 12.—Steps were taken today to complete the appeal of the test case to determine the status of the Landon Jockey Club. A decision by the court is expected before the opening day of the Landon spring meeting, May 25.

HOW TO REMEMBER. Tonight at Symphony Hall, Blanchard Hall, 8 p.m., Mr. Dickson, principal Dickinson Member of the C. S. S. will give an interesting lecture on memory. Admission free. Pupils received daily at 10 and 11 p.m. at ROOM 21, BLANCHARD HALL.

EL PASO (Tex.) April 12.—[Exclusive Dispatch.] After securing possession of a race horse, Caesar Augustus, which it is said, has been hidden away in Los Angeles for some time, Deputy Sheriff R. E. Bryant has returned to the city and is preparing to turn the horse over to Mayer Brothers, the owners, of Torrance, Mexico.

Caesar Augustus was loaned to Charlie Burke by Mayer Brothers. It is alleged, and was raced in Albuquerque, N. M., and Phoenix, Ariz., on chance. When the attempt to recover Burke is said to have shipped the horse to his brother in Los Angeles. After obtaining power of attorney the Deputy Sheriff secured the steed through court proceedings after giving bond.

WHITNEY WINNER. KAMPTON PARK (Eng.) April 12.—The Southwestern Selling Plate for 3-year-olds, distance four furlongs, was won here today by H. P. Whitney's Belle of Troy. Pine Knot was second and Ice Cup third. Thirteen horses ran.

Whitney's Tycoon ran third in the Handicap stakes. J. R. Keene's Selections, appearing in the Richmond Park Eastern Handicap.

Wen by Turner's Nag. PARIS, April 12.—The Prix Marcelin was won by Jockey Nash Turner's Don Quixote. Several other American horses ran in today's races, but none was inside the money.

HOW THEY FALL FOR IT. MINNEAPOLIS, April 12.—In a flinching wrestling match tonight, Capt. Leo McLaughlin, Irish giant, successfully defended his title of world's champion against Yamagata, a Japanese wrestler. McLaughlin took the first fall in 21 minutes and the second in 29 minutes.

WESTON'S NEW RECORD. BRYAN (O.) April 12.—Edward Payson Weston, the pedestrian, made today the record walk for a day of his present trip from Los Angeles to San Francisco, covering 71 miles. The distance from Toledo to Bryan is 56 miles, but between Toledo and Delta, Weston lost his way and had an extra walk of 15 miles.

## HOTEL SITE IS SOLD TO WOMAN.

SHE WILL ERECT FIRST-CLASS COTTAGE ESTABLISHMENT. Will Furnish Accommodations for Wealthy Tourists and Motor Car Parties on the Way Up and Down the Coast Between Los Angeles and San Francisco.

(SPECIAL CORRESPONDENCE OF THE TIMES.) VENTURA, April 12.—The hotel site on the new Dixie Thompson ranch, now the eastern addition to Ventura, has been sold to Mrs. Pierpont-Ginn, widow of the late millionaire publisher and owner of the Pierpont cottages at Nordhoff. It is her purpose to build on the site, which embraces twenty acres on the bluff fronting the Santa Barbara channel, a cottage hotel with elaborate grounds running from the Southern Pacific track to the sea. The hotel will be of the very highest class in the hotel world, and will accommodate for wealthy tourists and motor car parties on the way up and down the coast between Los Angeles and San Francisco. That is a thing Ventura has never had, and so motorists have always passed through without stopping. In Mrs. Pierpont-Ginn's hands, all such parties will be well cared for. The new hotel will be only a few yards from the Thompson boulevard leading into town, one of the best bits of automobile road in Southern California, and the site is so close to the Southern Pacific Station that the Pullman and other passenger trains will stop almost inside the hotel grounds.

It is the purpose to open a new street to the boulevard, and to build new bath-houses along the beach close to the hotel site. The property bought by Mrs. Pierpont-Ginn has a beach frontage of its own, a sheltered cove, and will without doubt have its own bath-house, as well as a pleasure pier for the accommodation of small boats. The bathing beach is as fine as any in Southern California. There is no undertow at any season, and the big breakers afford excellent surf bathing and coasting. The enterprise of Mrs. Pierpont-Ginn will involve the immediate expenditure of \$100,000, and is expected to give a decided impetus to the growth of Ventura.

A GOOD PUBLIC SERVANT. The funeral service of the late Fridolin Hartman, former chairman of the Board of Supervisors, who died on Sunday morning, will be held at the old Mission church tomorrow. Mr. Hartman was a member of the Board of Town Trustees when he was elected a Supervisor, some twenty years ago, but, after collection of citizens, continued to serve on the town board. He was thus a member, for several months, of both governing bodies.

When the clerk of the town board, J. F. Newby, handed him his salary warrant as a town trustee on the first of the month next, ensuing after the beginning of this double service, Mr. Hartman requested the clerk to keep the document for the present. All his subsequent warrants for salary from the town were thus left with the clerk, and at the conclusion of the term, Mr. Hartman signed them for the benefit of the public library, only then being started—and having something of a struggle to get on: "I am not entitled to this money," Mr. Hartman said, "give it to the library, which has need of it."

VENTURA NOTES. Most elaborate preparations are being made to have Ventura county represented at the Alaska-Yukon-Pacific Exposition. The exhibit will be taken north on Wednesday.

The construction of the Ventura River in the Matilla, will be bridged this summer, to make the resort in the canyon more easily accessible.

Work is shortly to be resumed by the Ventura County Power Company on the submerged dam designed to catch the underflow of the Ventura River in the Castles. Work was suspended at the time of the late financial depression.

DON'T WANT TO SELL RUM. GRAND JUNCTION (Colo.) April 12.—All the druggists of Grand Junction today petitioned the City Council to revoke their licenses to sell liquor prescriptions. The petition states that inasmuch as the decision of the citizens of the town, as expressed at the polls on Tuesday, was against the selling of liquor in the city, the druggists have no wish to handle intoxicants.

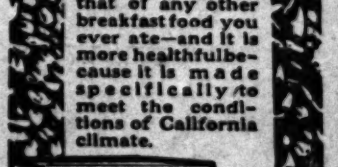

CRAZY SNAKE REPORTED DEAD. MURKOOKE (Okla.) April 12.—There is a rumor here that Crazy Snake, chief of the Creek Indians, has been killed by the State militia for the last two weeks, is dead, but it cannot be verified. The government has no word from its men in the field.

## THE REAL TREAT FOR BREAKFAST

It is a delightfully cooling and very digestible rolled wheat breakfast food that you cook in your own kitchen.

Its flavor is entirely superior to that of any other breakfast food you ever ate—and it is more healthful because it is made specifically to meet the conditions of California climate.

**Cobs—Havana cigar**

a ripe Havana cigar, sold in bundles of nine for 15 cents. Don't sniff at the price before you've sniffed the cigar. You can't find a better piece of leaf in any Havana cigar, or more fragrant leaf or smoother smoke.

Cobs aren't pretty to look at—they're not made to be looked at—you can't smoke looks, you can't smoke fancy labels, you can't smoke ornamental boxes—that you can smoke is tobacco and Cobs are of tobacco, only good tobacco, Havana tobacco. Cobs are in each bundle. The price of the nine is 15 cents. Each one of the nine tastes like a 10-cent cigar, because made of the same leaf that goes in a 10-cent cigar.

## WISE TALKS

By The "Office Boy"

As Abraham Lincoln said, "With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on." The constant drip of water wears away the hardest stone, the constant gnaw of Tower rusts the toughest bone, the constant cooling lever carries off the blindest mind, and the constant advertiser is the man who gets the trade.

We've been inviting you to patronize us every day for fifteen years. We have been telling you in our own way the story of our store from day to day. We've tried to burn the fact into your memory that the Silverwood Store is honest, stores, and the Silverwood salesman kind, shilling and truthful salesman, whether you trade with us or not. Still, we're awfully ambitious. We want to show the department and cut-price stores that a high-class, one-price store that does not claim to give you two dollars' worth of goods for one dollar, but does claim to sell you goods on the one-price system as cheap or cheaper than they can or do, offer all their price feeling. We believe outside of the profit we are making, which is only a just interest on our money invested, we are entitled to your business, for the reason that we are raising the standard of our beautiful city by encouraging pointed windows, fake sales, discount feeling, the giving away of presents, etc. We might mark our \$15 suits \$25 and give you a gold watch. We could buy a good gold-filled watch in quantities by the dozen, but you'd pay us back for the watch and only get a \$15 suit for your \$25, and you'd be the fish. What's the use? Let us try to make the world better. We've been making the right practical singlehanded. Won't you fall in line and help? Either store.
